

# AC Filament Series

## AC-3330

### Product features

3330 AC filament Semi package ceramic substrate

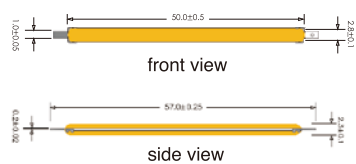

Length	Voltage	Lumen Flux	Lumen
41.5mm	57.5V	135lm	470lm@4pcs

## AC-5030

### Product features

5030 AC filament Semi package ceramic substrate

Length	Voltage	Lumen Flux	Lumen
57mm	115V	220lm	806lm@4pcs

## Product Feature

### Product features

- 360° omnidirection beam angle .
- High CRI,high luminous efficiency .
- Low power consumption .
- Competitive price with the ceramic substrate .
- Ideal replacement of traditional incandescent light .
- Available with various CCT .

Professional Filament Bulb and Filament Supplier

# Filament Series

## 3008

### Product features

3008 full package ceramic substrate

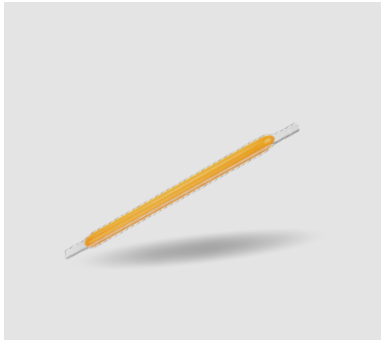

front view

side view

Length	Current	Voltage	Lumen Flux	Lumen
38mm	13mA	65V	135lm	470lm@4pcs

## 3315

### Product features

3315 Semi package ceramic substrate

front view

side view

Length	Current	Voltage	Lumen Flux	Lumen
40mm	15mA	65V	175lm	600lm@4pcs

## 3330

### Product features

3330 Semi package ceramic substrate

front view

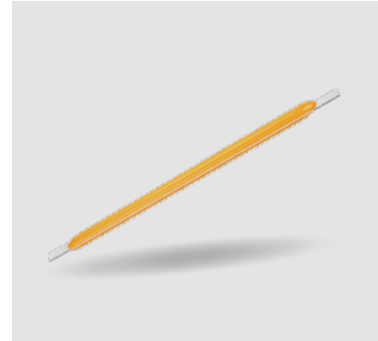

side view

Length	Current	Voltage	Lumen Flux	Lumen
41.5mm	20mA	65V	220lm	806lm@4pcs

# Filament Series

## 4515

### Product features

4515 Semi package ceramic substrate

front view

side view

Length	Current	Voltage	Lumen Flux	Lumen
52mm	22mA	65V	235lm	806lm@4pcs

## 4530

### Product features

4530 Semi package ceramic substrate

front view

side view

Length	Current	Voltage	Lumen Flux	Lumen
52mm	30mA	66V	320lm	1055lm@4pcs

## 6030

### Product features

6030 Semi package ceramic substrate

front view

side view

Length	Current	Voltage	Lumen Flux	Lumen
67mm	30mA	90V	420lm	1521lm@4pcs
